

Sr. No.	Name or Trade	Qualifications
1	Allied Trade Instructor (Mechanical/Electrical)	<p>i) Should possess Diploma in Mechanical/Electrical Engineering from a recognized university or institution; and (ii) Should possess at least two years practical experience in an organization registered under the Factories Act 1948 or at least two years teaching experience in a Government Institution or an Institution recognized by the Government.</p>
2	Art and Craft Instructor	<p>i) Should possess Five Years Diploma in Drawing and Painting/Commercial Arts from a Government recognized institution: and ii) Should possess atleast one year Practical experience in an organization registered under Factories Act, 1948 or one year teaching experience from a Government Institution or an institute recognized by the Government.</p> <p style="text-align: center;">OR</p> <p>i) Should possess M.A. (Fine Arts): ii) Should possess two years Diploma in Arts and Crafts Teacher Training from a recognized university or Institution; and iii)Should possess atleast one year Practical/ Teaching experience in an organization registered under Factories Act 1948 or teaching experience in the line in a Government Institution or an institution recognized by the Govt. In case suitable candidates of the above said qualification are not be available then i)The candidates possessing 4 years Degree of Bachelor of Arts (Painting/ commercial Art) with 1 year practical experience in an organization or 1 year teaching experience in an organization.</p> <p style="text-align: center;">OR</p> <p>ii) The candidates possessing Certificate Course in Arts and Crafts from State Council for Vocational Training and possessing three years practical experience in the line in an organization or three years teaching experience in the line in a Government Institution or an institution recognized by the Government will be considered.</p>

3	Attendant Operator Instructor	<p>(i) Should possess Diploma in Chemical Engineering from a recognized university or institution and (ii) Should possess at least two years practical experience in an organization registered under the Factories Act 1948 or at least two years teaching experience in a Government Institution or an Institution recognized by the Government.</p> <p style="text-align: center;">OR</p> <p>i) Should possess National Trade Certificate/ National Apprenticeship Certificate in Attendant Operator trade from National Council for Vocational Training with three year practical experience in an organization registered under the Factories Act 1948 or three years teaching experience in the line in a Government Institution or an Institution recognized by the Government.</p>
4	Bleaching Dying & Calico Printing Instructor	<p>i) Should possess Diploma in Textile Chemistry from a recognized University or Institution and; ii)Should possess at least two years practical experience in an organization registered under the Factories Act 1948 or at least two years teaching experience from a Government or an institute recognized by the Government.</p> <p style="text-align: center;">OR</p> <p>i) Should possess National Trade Certificate/National Apprenticeship Certificate in Bleaching Dying and Calico Printing Trade from National Council for Vocational Training: and ii) Should have passed Craft Instructors Training course from Central Training Institute/ Advance Training Institute in Bleaching Dying and Calico Printing Trade from National Council for Vocational Training and iii) Should possess three years Practical experience in an organization registered under the Factories Act. 1948 or at least three years teaching experience in the line in a Government Institution OR an institution recognized by the Government.</p>
5	Boiler Attendant Instructor	<p>i)Should possess Diploma in Mechanical Engineering with "A" grade proficiency Certificate from Director of Boilers (Chief Inspector of Boilers) and ii)Should possess at least two years practical experience in an organization registered under the Factories Act 1948 or at least two years teaching experience in a Government Institution or an Institution recognized by the Government after acquiring "B" Grade certificate</p> <p style="text-align: center;">OR</p> <p>i)Should possess National Trade Certificate/National Apprenticeship Certificate in Boiler Attendant trade from National Council for Vocational Training and ii)Should possess "A" Grade Proficiency Certificate from Director of Boilers (Chief Inspector of Boilers) and iii)Should possess at least two years practical experience in an organization registered under the Factories Act 1948 or at least two years teaching experience in the line in a Government Institution or an Institution recognized by the Government after acquiring "B" Grade certificate In case suitable candidates having above said qualifications are not available then from the candidates possessing Diploma in Mechanical Engineering and</p>

		<p>i)Should possess at least two years practical experience in an organization registered under the Factories Act 1948 or at least two years teaching experience in a Government Institution or an Institution recognized by the Government.</p> <p style="text-align: center;">OR</p> <p>i)Should possess National Trade Certificate/National Apprenticeship Certificate in Boiler Attendant trade from National Council for Vocational Training and Should possess at least two years practical experience in an organization registered under the Factories Act 1948 or at least two years teaching experience in the line in a Government Institution or an Institution recognized by the Government.</p>
6	Carpenter Instructor	<p>i) Should possess Diploma in Wood Work from a recognized university or institution; and (ii) Should possess at least two years practical experience in an organization registered under the Factories Act 1948 or at least two years teaching experience in a Government Institution or an Institution recognized by the Government.</p> <p style="text-align: center;">OR</p> <p>i)Should possess National Trade Certificate/National Apprenticeship Certificate in Carpenter Trade from National Council for Vocational Training: ii) Should have passed Craft Instructors Training Course from Central Training Institute /Advance Training Institute in Carpenter Trade from National Council for Vocational Training. And iii) Should possess at least three years practical experience in an organization registered under the Factories Act 1948 or at least two years teaching experience in the line in a Government Institution or an Institution recognized by the Government.</p>
7	Consumer Electronics Instructor	<p>i) Should be 10th class pass or equivalent and ii) Should possess Degree/Diploma in Electronics/ Instrumentation Engineering from a recognized university or institution or National Trade Certificate/National Apprenticeship Certificate in relevant trade. iii) Should possess Five years experience including the training period in relevant trade from an organization registered under the Factories Act 1948. and Desirable: iv)Should have Passed Training Technology (POT) module from DGE&T institutes.</p>

8	Cutting & Tailoring Instructor	<p>i) Should possess Diploma in Fashion Design Technology or Diploma in Costume Design and Dress Making from a recognized University or institution: and</p> <p>ii) Should possess atleast two years practical experience in an organization registered under the Factories Act. 1948 or atleast two years teaching experience from a Government or an Institute recognized by the Government</p> <p style="text-align: center;">OR</p> <p>i)Should possess National Trade Certificate / National Apprenticeship Certificate in Cutting & Sewing and Embroidery Trades from National Council for Vocational Training:</p> <p>ii)Should have passed Craft Instructors Training course from Central Training Institute/Advance Training Institute or teacher Training course from Industrial Training Institute in Punjab in Cutting & sewing and Embroidery Trade: and</p> <p>iii) Should possess at least two years Practical experience in an organization registered under the Factories Act. 1948 or atleast two years teaching experience in the line in a Government Institution or an Institution recognized by the Government.</p>
9	Diesel Mechanic Instructor	<p>i) Should possess Diploma in Mechanical/Automobile Engineering from a recognized university or institution; and</p> <p>(ii) Should possess at least two years practical experience in an organization registered under the Factories Act 1948 or at least two years teaching experience in a Government Institution or an Institution recognized by the Government.</p> <p style="text-align: center;">OR</p> <p>i)Should possess National Trade Certificate/National Apprenticeship Certificate in Mechanic Diesel Trade from National Council for Vocational Training: and</p> <p>ii) Should have passed Craft Instructors Training Course from Central Training Institute /Advance Training Institute in Mechanic Diesel Trade from National Council for Vocational Training; and</p> <p>iii) Should possess at least three years practical experience in an organization registered under the Factories Act 1948 or at least three years teaching experience in the line in a Government Institution or an Institution recognized by the Government.</p> <ul style="list-style-type: none"> • Must possess driving License for Heavy Vehicle Driving (Essential for both sets of qualifications)
10	Draftsman Civil Instructor	<p>(i) Should possess Diploma in Civil Engineering from a recognized university or institution and</p> <p>(ii) Should possess at least two years practical experience in an organization registered under the Factories Act 1948 or at least two years teaching experience in a Government Institution or an Institution recognized by the Government.</p> <p style="text-align: center;">OR</p> <p>i)Should possess National Trade Certificate/ National Apprenticeship Certificate in Draughtsman Civil from National Council for Vocational Training and</p> <p>ii) Should have passed Craft Instructor Training Course from Central Training Institute /Advance Training Institute in Draftsman Civil trade from National Council for Vocational Training.</p>

		<p>iii) Should possess at least two years practical experience in the line in an organization registered under the Factories Act 1948 or at least two years teaching experience in a Government Institution or an Institution recognized by the Government</p>
11	Draftsman Mechanical Instructor	<p>(i) Should possess Diploma in Mechanical Engineering from a recognized university or institution and (ii) Should possess at least two years practical experience in an organization registered under the Factories Act 1948 or at least two years teaching experience in a Government Institution or an Institution recognized by the Government.</p> <p style="text-align: center;">OR</p> <p>i) Should possess National Trade Certificate/National Apprenticeship Certificate in Draughtsman Mechanical Trade from National Council for Vocational Training and ii) Should have passed Craft Instructor Training Course from Central Training Institute /Advance Training Institute in Draftsman Mechanical trade from National Council for Vocational Training. iii) Should possess at least two years practical experience in the line in an organization registered under the Factories Act 1948 or at least two years teaching experience in a Government Institution or an Institution recognized by the Government</p>
12	Drawing Instructor	<p>(i) Should possess Diploma in Mechanical Engineering or Production and Industrial Engineering from a recognized university or institution and (ii) Should possess at least two years practical experience in an organization registered under the Factories Act 1948 or at least two years teaching experience in a Government Institution or an Institution recognized by the Government.</p>
13	Drawing Master	<p>i) Should possess Five Years Diploma in Drawing and Painting/Commercial Arts from a Government recognized institution: and ii) Should possess atleast one year Practical experience in an organization registered under Factories Act, 1948 or one year teaching experience from a Government Institution or an institute recognized by the Government.</p> <p style="text-align: center;">OR</p> <p>i) Should possess M.A. (Fine Arts): ii) Should possess two years Diploma in Arts and Crafts Teacher Training from a recognized university or Institution: and iii) Should possess atleast one year Practical/ Teaching experience in an organization registered under Factories Act 1948 or teaching experience in the line in a Government Institution or an institution recognized by the Govt.</p>

14	Dress Making Instructor	<p>1) Should possess Diploma in Fashion Technology or Diploma in Costume Designing and Dress Making/Garment Technology from a recognized University or institution: and</p> <p>2) Should possess atleast two years practical experience in an organization or atleast two year teaching experience in a government institution or an institution recognized by the Government.</p> <p style="text-align: center;">OR</p> <p>1)Should possess National Trade Certificate / National Apprenticeship Certificate in Dress Making Trade from National Council for Vocational Training and</p> <p>2) Should have passed Craft Instructors Training course form Central Training Institute/advanced training institute in Dress Making Trade from National Council for Vocational Training ; and</p> <p>3) Should possess at least three years Practical experience in an organization or atleast three years teaching experience in the line in a Government institution or an Institution recognised by the Government.</p> <p>In case suitable candidates having above said qualifications are not available then from the candidates possessing National Trade Certificate/ National Apprenticeship Certificate in Dress Making Trade from National Council For Vocational Training and possessing four year practical experience in the line in an organisation or four years teaching experience in the line in a government Institution or an institution recognised by the Government will be considered.</p>
15	Education Mistress	<p>i) Should be B.Sc (Home Science) or B.Sc or B.A and</p> <p>ii) Should be B.Ed and</p> <p>iii) Should have 2 National Trade Certificates one in Cutting and Tailoring and one in any other Non Engineering trade.</p>

16	Electrician Instructor	<p>(i) Should possess Diploma in Electrical Engineering from a recognized university or institution and (ii) Should possess at least two years practical experience in an organization registered under the Factories Act 1948 or at least two years teaching experience in the line in a Government Institution or an Institution recognized by the Government.</p> <p style="text-align: center;">OR</p> <p>i)Should possess National Trade Certificate/National Apprenticeship Certificate in Electrician Trade from National Council for Vocational Training and ii) Should have passed Craft Instructor Training Course from Central Training Institute /Advance Training Institute in Electrician Trade from National Council for Vocational Training and iii) Should possess at least two years practical experience in an organization registered under the Factories Act 1948 or at least two years teaching experience in the line in a Government Institution or an Institution recognized by the Government</p>
17	Electronics Instructor	<p>(i) Should possess Diploma in Electronic Engineering or Diploma in Electronic and communication from a recognized university or institution; and (ii) Should possess at least two years practical experience in an organization registered under the Factories Act 1948 or at least two years teaching experience in the line in a Government Institution or an Institution recognized by the Government.</p> <p style="text-align: center;">OR</p> <p>i)Should possess National Trade Certificate/National Apprenticeship Certificate in Electronics Trade from National Council for Vocational Training and ii) Should have passed Craft Instructor Training Course from Central Training Institute /Advance Training Institute in Electronic Trade from National Council for Vocational Training; and iii) Should possess at least two years practical experience in an organization registered under the Factories Act 1948 or at least two years teaching experience in the line in a Government Institution or an Institution recognized by the Government</p>

18	English Stenography Instructor	<p>(i) Should be Matric 2nd Class Or 10+2 or its equivalent from a recognized University Or Institute.</p> <p>(ii) Should possess National Trade Certificate in English Stenography from National Council for Vocational Training and</p> <p>(iii) Should possess atleast five years experience as Stenographer.</p> <p>(iv) Should possess speed of 100 WPM in Shorthand, 15 WPM transcription and 40 WPM in English typing (to be tested) and</p> <p>(v) Should possess Good knowledge of English and proficiency in language.</p>
19	English Teacher	<p>i) Should be M.A. (English) or B.A. (with Hon's in English): and</p> <p>ii) Should be B.ED (with English as one of elective subject): and</p> <p>iii) Should possess atleast one year teaching experience in the line in a Government Institution or an Institution recognized by the Government.</p>
20	Fitter Instructor	<p>(i) Should possess Diploma in Mechanical Engineering from a recognized university or institution and</p> <p>(ii) Should possess at least two years practical experience in an organization registered under the Factories Act 1948 or at least two years teaching experience in a Government Institution or an Institution recognized by the Government.</p> <p style="text-align: center;">OR</p> <p>i) Should possess National Trade Certificate/National Apprenticeship Certificate in Fitter trade from National Council for Vocational Training and</p> <p>ii) Should have passed Craft Instructor Training Course from Central Training Institute/Advance Training Institute in Fitter trade from National Council for Vocational Training.</p> <p>iii) Should possess at least two years practical experience in an organization registered under the Factories Act 1948 or at least two years teaching experience in the line in a Government Institution or an Institution recognized by the Government</p>
21	Fruit and Vegetable Preservation Instructor	<p>i) Should possess Diploma in Catering and Food Technology from a recognized university or institution and</p>

		<p>ii) Should possess three years practical experience in an organization registered under the Factories Act 1948 or atleast three years teaching experience from a Government Institution or an Institution recognized by the Government.</p> <p style="text-align: center;">OR</p> <p>i) Should be B.Sc (Home Science); and</p> <p>ii) Should possess National Trade Certificate/National Apprenticeship Certificate in Preservation of Fruit and Vegetable Trade from National Council for Vocational Training.</p>
22	Hair & Skin Care Instructor	<p>i)Should possess Diploma in Cosmetology or Diploma in Beauty Culture from a recognized University or institution: and</p> <p>ii)Should possess atleast two years practical experience from concern trade or atleast two years teaching experience from a Government Institution or an Institution recognized by the Government</p> <p style="text-align: center;">OR</p> <p>i)Should possess National Trade Certificate / National Apprenticeship Certificate in Hair and Skin Care Trade from National Council for Vocational Training; and</p> <p>ii)Should have passed Craft Instructors Training course from Central Training Institute/ Advance Training Institute in Hair and Skin Care Trade from National Council for Vocational Training; and</p> <p>iii) Should possess three years Practical experience in an organization or atleast three years teaching experience in the line in a Government Institution or an Institution recognized by the Government.</p> <p>In case suitable candidates having above said qualifications are not available then from the candidates possessing National Trade Certificate/ National Apprenticeship Certificate in Hair and skin care Trade from National Council for Vocational Training and possessing four year practical experience in the line in an organization or four years teaching experience in the line in a government Institution or an institution recognized by the Government will be considered.</p>
23	Information Technology Instructor	<p>i) Should possess Diploma in information Technology from a recognized university or institution and</p> <p>ii) Should possess at least two years practical experience in an organization registered under the Factories Act 1948 or at least three years teaching experience in a Government Institution or an Institution recognized by the Government.</p> <p style="text-align: center;">OR</p> <p>i) Should possess National Trade Certificate/ National Apprenticeship Certificate in Information Technology and Electronic System Maintenance trade from National Council for Vocational Training and</p>

		<p>ii) should possess atleast three years practical experience in an a organization registered under the Factories Act 1948 or atleast three years teaching experience in a Government Institution recognized by the Government.</p>
24	Instrument Mechanic Instructor	<p>(i) Should possess Diploma in Mechanical Engineering or Diploma in Instrument Technology from a recognized university or institution and</p> <p>(ii) Should possess at least two years practical experience in an organization registered under the Factories Act 1948 or at least two years teaching experience in a Government Institution or an Institution recognized by the Government.</p> <p style="text-align: center;">OR</p> <p>i)Should possess National Trade Certificate/National Apprenticeship Certificate in Instrument Mechanic trade from National Council for Vocational Training; and</p> <p>ii) Should have passed Craft Instructor Training Course from Central Training Institute /Advance Training Institute in Instrument Mechanic trade from National Council for Vocational Training; and</p> <p>iii)Should possess at least two years practical experience in an organization registered under the Factories Act 1948 or at least two years teaching experience in the line in a Government Institution or an Institution recognized by the Government</p>
25	Lab Assistant Instructor	<p>Should possess Diploma in Chemical Engineering from a recognized university or institution and</p> <p>ii) Should possess at least two years practical experience in an organization registered under the Factories Act 1948 or at least two years teaching experience in a Government Institution or an Institution recognized by the Government.</p> <p style="text-align: center;">OR</p> <p>i)Should possess National Trade Certificate/National Apprenticeship Certificate in Laboratory Assistant trade from National Council for Vocational Training with three year practical experience in an organization registered under the Factories Act 1948 or three years teaching experience in the line in a Government Institution or an Institution recognized by the Government.</p>

26	Language Teacher	<ul style="list-style-type: none"> i) Should be B.A. (Punjabi as one of the elective subject.) ii) Should be B.Ed; and iii) Should possess atleast two years practical/teaching experience in the line in a Government Institution or an Institution recognized by the Government.
27	Machinist Composite Instructor	<p>(i) Should possess Diploma in Mechanical Engineering from a recognized university or institution and (ii) Should possess at least two years practical experience in an organization registered under the Factories Act 1948 or at least two years teaching experience in a Government Institution or an Institution recognized by the Government.</p> <p style="text-align: center;">OR</p> <ul style="list-style-type: none"> i)Should possess National Trade Certificate/National Apprenticeship Certificate in Machinist Composite trade from National Council for Vocational Training and ii) Should have passed Craft Instructor Training Course from Central Training Institute /Advance Training Institute in Machinist Composite trade from National Council for Vocational Training; and iii) Should possess at least two years practical experience in an organization registered under the Factories Act 1948 or at least two years teaching experience in the line in a Government Institution or an Institution recognized by the Government
29	Machinist Grinder Instructor	<p>(i) Should possess Diploma in Mechanical Engineering from a recognized university or institution and</p> <p>(ii) Should possess at least two years practical experience in an organization registered under the Factories Act 1948 or at least two years teaching experience in a Government Institution or an Institution recognized by the Government.</p> <p style="text-align: center;">OR</p> <ul style="list-style-type: none"> i)Should possess National Trade Certificate/National Apprenticeship Certificate in Machinist Grinder trade from National Council for Vocational Training and ii) Should have passed Craft Instructor Training Course from Central Training Institute /Advance Training Institute in Machinist Grinder trade from National Council for Vocational Training. iii) Should possess at least two years practical experience in an organization registered under the Factories Act 1948 or at least two years teaching experience in the line in a Government Institution or an Institution recognized by the Government.
29	Maintenance Mechanic Electrical Instructor	<ul style="list-style-type: none"> (i) Should possess Diploma in Electrical Engineering from a recognized university or institution; and (ii) Should possess at least two years practical experience in an organization registered under the Factories Act 1948.

30	Maintenance Mechanic Mechanical Instructor	(i) Should possess Diploma in Mechanical Engineering from a recognized university or institution; and (ii) Should possess at least two years practical experience from an organization registered under the Factories Act 1948 .
31	Math Instructor	(i) Should possess Diploma in Engineering from recognized university or institution and (ii) Should possess at least two years practical experience in an organization registered under the Factories Act 1948 or at least two years teaching experience in a Government Institution or an Institution recognized by the Government.
32	Mechanic Agriculture Mechanic Instructor	(i) Should possess Diploma in Mechanical Engineering from a recognized university or institution and (ii) Should possess at least two years practical experience in an organization registered under the Factories Act 1948 or at least two years teaching experience in a Government Institution or an Institution recognized by the Government. OR i)Should possess National Trade Certificate/National Apprenticeship Certificate in Mechanic Agriculture Machinery or (Farm Mechanic trade) from National Council for Vocational Training; and ii) Should have passed Craft Instructor Training Course from Central Training Institute /Advance Training Institute in Mechanic Agriculture Machinery or (Farm Mechanic trade) from National Council for Vocational Training; and iii)Should possess at least two years practical experience in the line in an organization registered under the Factories Act 1948 or at least two years teaching experience in the line in a Government Institution or an Institution recognized by the Government. <ul style="list-style-type: none">• Must possess driving License for Heavy Vehicle Driving (Essential for both sets of qualifications)
33	Motor Mechanic Instructor	(i) Should possess Diploma in Mechanical/Auto Mobile Engineering from a recognized university or institution; and (ii) Should possess at least two years practical experience in an organization registered under the Factories Act 1948 or at least two years teaching experience in a Government Institution or an Institution recognized by the Government. OR i)Should possess National Trade Certificate/National Apprenticeship Certificate in Mechanic Motor Vehicle trade from National Council for Vocational Training; and ii) Should have passed Craft Instructor Training Course from Central Training Institute /Advance Training Institute in Mechanic Motor Vehicle trade from National Council for Vocational Training; and iii)Should possess at least two years practical experience in an organization registered under the Factories Act 1948 or at least two years teaching experience in the line in a Government Institution or an Institution recognized by the Government. <ul style="list-style-type: none">• Must possess driving License for Heavy Vehicle Driving (Essential for both sets of qualifications)

34	Painter Instructor	<p>(i) Should possess Diploma in Appropriate branch of Technology/Painting from a recognized university or institution; and (ii) Should possess at least two years practical experience in an organization registered under the Factories Act 1948 or at least two years teaching experience in a Government Institution or an Institution recognized by the Government.</p> <p style="text-align: center;">OR</p> <p>i) Should possess National Trade Certificate/ National Apprenticeship Certificate in Painter (General) trade from National Council for Vocational Training; and (ii) Should possess at least three years practical experience in an organization registered under the Factories Act 1948 or at least three years teaching experience in the line in a Government Institution or an Institution recognized by the Government.</p>
35	Plastic Processing Operator Instructor	<p>i) Should possess Diploma in Mechanical Engineering/ Three year Diploma in Plastic Technology from a recognized university or institution and ii) Should possess atleast two years practical experience in an organization registered under the Factories Act 1948 or atleast two years teaching experience in a Government Institution or an Institution recognized by the Government.</p> <p style="text-align: center;">OR</p> <p>i) Should possess National Trade Certificate/ National Apprenticeship Certificate in Plastic Processing Operator trade from National Council for Vocational Training; and ii) Should possess at least four years practical experience in an organization registered under the Factories Act 1948 or at least four years teaching experience in the line in a Government Institution or an Institution recognized by the Government.</p>
36	Plumber Instructor	<p>i) Should possess Diploma in Mechanical/ Civil Engineering from a recognized university or institution; and (ii) Should possess at least two years practical experience in an organization registered under the Factories Act 1948 or at least two years teaching experience in a Government Institution or an Institution recognized by the Government.</p> <p style="text-align: center;">OR</p> <p>i) Should possess National Trade Certificate/National Apprenticeship Certificate in Plumber Trade from National Council for Vocational Training; and ii) Should have passed Craft Instructors Training Course from Central Training Institute /Advance Training Institute in Plumber trade from National Council for Vocational Training; and iii) Should possess at least three years practical experience in an organization registered under the Factories Act 1948 or at least three years teaching experience in the line in a Government Institution or an Institution recognized by the Government.</p>

37	Punjabi Stenography Instructor	<p>(i) Should be Matric 2nd Class Or 10+2 or its equivalent from a recognized University Or institution.</p> <p>(ii) Should possess State Trade Certificate in Punjabi Stenography from State Council for Vocational Training</p> <p>(iii) Should possess atleast five years experience as Stenographer.</p> <p>(iv) Should possess speed of 100 WPM in Shorthand and 15 WPM transcription thereof and 40 WPM in Punjabi typing (to be tested) and</p> <p>(v) Should possess Good knowledge of Punjabi and proficiency in language.</p>
38	Refrigeration & Air Conditioning Instructor	<p>i) Should possess Diploma in Mechanical Engineering (with specialization in Refrigeration and Air conditioning) from a recognized university or institution; and</p> <p>(ii) Should possess at least two years practical experience in an organization registered under the Factories Act 1948 or at least two years teaching experience in a Government Institution or an Institution recognized by the Government.</p> <p style="text-align: center;">OR</p> <p>i) Should possess National Trade Certificate/National Apprenticeship Certificate in Refrigeration and Air Conditioning Trade from National Council for Vocational Training:</p> <p>ii) Should have passed Craft Instructors Training Course from Central Training Institute /Advance Training Institute in Refrigeration and Air Conditioning Trade from National Council for Vocational Training; and</p> <p>iii) Should possess at least two years practical experience in an organization registered under the Factories Act 1948 or at least two years teaching experience in the line in a Government Institution or an Institution recognized by the Government.</p>
39	Secretarial Practice Instructor	<p>i) Should be B.A (With English as one of elective Subject). B.ED from a recognized university or institute. and</p> <p>ii) Should possess National Trade Certificate in Secretarial practice with one year practical experience in an organization. or should possess one year teaching experience from a Government Institution or an institutions recognized by the Government</p> <p style="text-align: center;">OR</p> <p>i) Should possess Diploma in Commercial Practice and Stenography (English) or Diploma in Modern office practice with four years practical experience in an organization or atleast four years teaching experience in the line in a Government Institution or an Institution recognized by the Government.</p> <p>ii) Speed in English Stenography shorthand and Transcription 100, 30, 15 W.P.M (to be tested).</p> <p>In case suitable candidates having above said qualifications are not available then the candidates possessing B.A. (with English as one Elective Subject) from a recognised University or Institute and having National Trade</p>

		<p>Certificate in Secretarial Practice with two years practical experience in the line in an organization registered under the factory act 1948 or having atleast two years teaching experience in the line from a government Institutioun or an institution recognised by the Government will be considered.</p>
40	Tool & Die Instructor	<p>i) Should possess Diploma in Mechanical Engineering or Diploma in Tool and Die. from a recognized university or institution; and ii)Should possess at least two years practical experience in an organization registered under the Factories Act 1948 or at least two years teaching experience in a Government Institution or an Institution recognized by the Government.</p> <p style="text-align: center;">OR</p> <p>i)Should possess National Trade Certificate/ National Apprenticeship Certificate in Tool and Die maker(Jigs & Fixture) trade from National Council for Vocational Training and Should have passed Craft Instructors Training course from Central Training Institute/Advanced Training Institute in Tool and Die Maker (Jigs & Fixture) Trade from National Council for Vocational Training and ii)Should possess at least one year practical experience in an organization registered under the Factories Act 1948 or at least one years teaching experience in the line in a Government Institution or an Institution recognized by the Government.</p> <p>In case suitable candidates having above said qualifications are not available then from the candidates possessing National Trade Certificate/ National Apprenticeship Certificate in Tool and Die Maker (Jigs & Fixture) Trade from National Council for Vocational Training and possessing three year practical experience in the line in an organization registered under the Factories Act 1948 or three years teaching experience in the line in a Government Institution or an Institution recognized by the Government will be considered.</p>
41	Tractor Mechanic Instructor	<p>i) Should possess Diploma in Mechanical/Automobile Engineering from a recognized university or institution; and (ii) Should possess at least two years practical experience in an organization registered under the Factories Act 1948 or at least two years teaching experience in a Government Institution or an Institution recognized by the Government.</p> <p style="text-align: center;">OR</p> <p>i)Should possess National Trade Certificate/National Apprenticeship Certificate in Mechanic Tractor Trade from National Council for Vocational Training; and ii) Should have passed Craft Instructors Training Course from Central Training Institute /Advance Training Institute in Mechanic Agriculture Machinery or (Farm Mechanic) Trade from National Council for Vocational Training; and</p>

		<p>iii) Should possess at least three years practical experience in an organization registered under the Factories Act 1948 or at least three years teaching experience in the line in a Government Institution or an Institution recognized by the Government.</p> <ul style="list-style-type: none"> • Must possess driving License for Heavy Vehicle Driving (Essential for both sets of qualifications)
42	Turner Instructor	<p>i) Should possess Diploma in Mechanical Engineering from a recognized university or institution; and (ii) Should possess at least two years practical experience in an organization registered under the Factories Act 1948 or at least two years teaching experience in a Government Institution or an Institution recognized by the Government.</p> <p style="text-align: center;">OR</p> <p>i) Should possess National Trade Certificate/National Apprenticeship Certificate in Turner trade from National Council for Vocational Training: ii) Should have passed Craft Instructors Training Course from Central Training Institute /Advance Training Institute in Turner trade from National Council for Vocational Training. and iii) Should possess at least two years practical experience in an organization registered under the Factories Act 1948 or at least two years teaching experience in the line in a Government Institution or an Institution recognized by the Government.</p>
43	Welder (Gas & Electric) Instructor	<p>i) Should possess Diploma in Mechanical Engineering from a recognized university or institution; and (ii) Should possess at least two years practical experience in an organization registered under the Factories Act 1948 or at least two years teaching experience in a Government Institution or an Institution recognized by the Government.</p> <p style="text-align: center;">OR</p> <p>i) Should possess National Trade Certificate/National Apprenticeship Certificate in Welder Trade from National Council for Vocational Training: and ii) Should have passed Craft Instructors Training Course from Central Training Institute /Advance Training Institute in Welder from National Council for Vocational Training; and iii) Should possess at least three years practical experience in an organization registered under the Factories Act 1948 or at least three years teaching experience in the line in a Government Institution or an Institution recognized by the Government.</p>

44	Wireman	<p>i) Should possess Diploma in Electrical Engineering from a recognized university or institution; and (ii) Should possess at least two years practical experience in an organization registered under the Factories Act 1948 or at least two years teaching experience in a Government Institution or an Institution recognized by the Government.</p> <p style="text-align: center;">OR</p> <p>i) Should possess National Trade Certificate/National Apprenticeship Certificate in Wireman Trade from National Council for Vocational Training: ii) Should have passed Craft Instructors Training Course from Central Training Institute /Advance Training Institute in Wireman Trade from National Council for Vocational Training; and iii) Should possess at least two years practical experience in an organization registered under the Factories Act 1948 or at least two years teaching experience in the line in a Government Institution or an Institution recognized by the Government.</p>
----	---------	--

45	Hostel Superintendent cum PTI	<p>i) Should be Matriculate in second division or should pass 10+2 from a recognized university or institution; and (ii) Should possess a certificate in Physical Education (C.P.E.D) from a recognized university or institution; Preference shall be given to a person possessing a Diploma in Physical Education from a recognized university or institution; and (iii) Should possess working experience for a minimum period of two years in the line.</p>
46	Store keeper	<p>i) Should be Matriculate in second division or should pass 10+2 from a recognized university or institution; and (ii) Should possess National Trade Certificate/National Apprenticeship Certificate in any Engineering Trade; and (iii) Should possess at least one year experience of store-keeping in Engineering Stores.</p>
